

Flipped Classroom Lesson Plan

A lesson partially prepared by the second graders and partially by the teacher.

School: I Liceum Ogólnokształcące im. Jana Śniadeckiego

Teacher: Marta Strzelczyk

Lesson Title: Conditionals - introduction, exercises.

Subject Area(s): Studying the conditionals.

Grade Level: second grade of high school

Time Needed: Home: 30 minutes

Class: 45 minutes

Learning objectives:

- Understanding the use of conditionals in English,
- Knowing how to use them in practice.

Student's Learning Resources at Home:

1. A computer,
2. Internet Access.
3. A file uploaded by the teacher before the class.

Brief Description of Activity:

1. 5 minutes: A teacher checks the register and gives the topic of the lesson; the teacher presents the objective of the lesson, i.e. studying conditionals.
2. 15 minutes: Students recall what they know about conditionals, how they understand the use of them (on the basis of the presentation sent earlier and their knowledge from the previous year).
3. 10 minutes: In order to practise the structures, some ss translate the sentences in English.
4. 10 minutes: Ss do an exercise on Wordwall (<https://wordwall.net/pl/resource/1462947>) – either they have to finish the sentence or they answer some questions.
5. 5 minutes: The teacher recaps the lesson with the students: they are to say what they remember from the class and one student volunteers to prepare her own presentation and some exercises for the second group.
