**Brief Description of Activity:**

1. 3 minutes: A teacher checks the register and gives the topic of the lesson.
2. 10 minutes: The teacher reminds the objectives of the lesson by asking questions to the presentation sent to the students (the presentation was sent from the teacher's disc).
3. 15 minutes: after reviewing the theory students do a task on the wordwall.com; then, the results are compared and the correct answers are given.
4. 10 minutes: Students do a quizizz prepared by their mates:

after the quiz the correct answers are given by the teacher, students are able to correct their mistakes.
5. 5 minutes: The teacher recaps the lesson with the students: they are to say what they remember from the class.
6. 2 minutes: They are given the homework: they are supposed to do two other quizzes prepared by the students and send the screenshots with the results.
